

Our Catering

The Inn at the Market works with a preferred selection of outside caterers, as we do not have an on-premise kitchen facility.

The guaranteed number of persons attending is required no less than one week (5 working days) prior to your function. Charges will be assessed for the final count or the guaranteed number – whichever is greater. Full compensation is required on cancellations that occur after the one-week cut-off date.

20% Gratuity and current applicable sales tax will be added to all food & beverage orders.
